Career Objective

Motivated Computer Science Engineering student seeking an internship to apply programming and web development skills in real-world projects. Experienced in building responsive web applications using HTML, CSS, JavaScript, React.js, and Firebase. Quick learner with the ability to understand and modify existing code, solve problems efficiently, and continuously improve technical skills in a professional development environment.

Education

K.S.R. COLLEGE OF ENGINEERING , Tiruchengode	Sept 2024 – Present
Bachelor of Engineering in Computer Science and Engineering — CGPA: 7.90/10	
INFANT JESUS MATRI HR SEC SCHOOL , Tiruppur	2023 – 2024
Higher Secondary Certificate (HSC) — 78.3%	
INFANT JESUS MATRI HR SEC SCHOOL , Tiruppur	2021 – 2022
Secondary School Leaving Certificate (SSLC) — 84.8%	

Technical Skills

- **Programming Languages:** C, Python, Java, JavaScript
- **Web Development:** HTML, CSS, React.js, Responsive Web Design
- **Backend & Database:** Firebase, Authentication
- **Machine Learning:** Basic ML Model Training, Data Preprocessing, Model Evaluation
- **Concepts:** Problem Solving, Debugging, Code Optimization
- **Tools:** VS Code, GitHub, Canva, Figma, PowerPoint, Microsoft Excel, Antigravity

Projects

AI - RoadMap Generator

- Developed a web application that generates structured learning roadmaps for different technology domains, helping users plan and track their learning path effectively.
- Designed an interactive interface where users can input a topic and receive an organized step-by-step roadmap for learning that technology.
- Tools Used: HTML, CSS, JavaScript, React.js, Firebase, VS Code

Logistics Voice Assistant – Web Application

- Developed a voice-controlled assistant that automates logistics and system tasks using natural voice commands, enabling hands-free interaction and task execution.
- Implemented functionality to trigger automated operations through voice input, improving efficiency and reducing manual interaction in routine workflows.
- Tools Used: HTML, CSS, JavaScript, Python, Speech Recognition APIs, VS Code, Netlify.

Certifications

NPTEL Swayam: Introduction To Internet Of Things & Cloud Computing

GeeksforGeeks: Python Course
